

StoCreativ[®] Brick

The classic look of brick in a lightweight, energy-efficient cladding.

StoCreativ[®] Brick is a cost-effective, easy-to-apply decorative wall finish system that can be used over any Sto cladding or other prepared exterior surface including Stucco, EIFS, Tilt-up and CMU to achieve the classic look of brick.

Using self-adhering stencils applied over a primer layer to create the appearance of mortar, this simple finish system offers a sustainable alternative to heavier brick, while avoiding the hassle of dealing with multiple trades and cumbersome accessories.

Available with a variety of brick patterns and color options for both the finish layer and mortar, StoCreativ[®] Brick is a lightweight, single source system, ideal for new construction and restoration.
