Sto TurboStickTM Adhesive Sto Primer (Optional) Sto Finish Sheathing -StoGuard® Air and Moisture Barrier Dow STYROFOAMTM-Panel Core 20 ProD Insulation Board Sto Mesh-Thin Build-Out, Sto Base Coat ≤ 2 in. (51 mm) (with Sto Mesh Embedded) Thin Build-Out Sto Primer (Required over Sto Flexyl and Sto Base Coat Above and Below) Sto TurboStick™ Adhesive Sto Finish Sheathing StoGuard® Air and Moisture Barrier Dow STYROFOAMTM-Panel Core 20 ProD Insulation Board Sto Mesh Sto Base Coat Thick Build-Out, 2-(with Sto Mesh Embedded) 4 in. (51-102 mm) Thick Build-Out Sto Flexyl (with Sto Mesh or Sto Detail Mesh Embedded); Return Vertically 4" (102 mm) min. Above and Below Feature Band Dow Property of Sto Corp. All Rights Reserved

Notes:

1. Feature band attached with Sto TurboStick Adhesive, also used as filler and rasped smooth at any gaps between feature band and base layer of insulation board.

Detail No.: 55s.04

Date: April 2016

- 2. Slope top surface of feature band minimum 27 degrees. Increase slope for northern climates to prevent snow and ice accuulations.
- 3. Limit thickness of buildout to reduce maintenance associated with projecting architectural features.
- Refer to StoTherm ci XPS ProD System Bulletins and Specifications, Sto Product Bulletins, Tech Hotlines, and Sto Installation and Maintenance Guides for complete information.
- Refer to applicable Intertek listing for building code compliance information.

IMPORTANT: Components not identified as Sto are furnished by other manufacturers and are not necessarily installed by trades who install Sto products. Refer to project specific contract documents.

ATTENTION

Sto products are intended for use by qualified professional contractors, not consumers, as a component of a larger construction assembly as specified by a qualified design professional, general contractor or builder. They should be installed in accordance with those specifications and Sto's instructions. Sto Corp. disclaims all, and assumes no, liability for on-site inspections, for its products applied improperly, or by unqualified persons or entities, or as part of an improperly designed or constructed building, for the nonperformance of adjacent building components or assemblies, of for other construction activities beyond Sto's control. Improper use of Sto products or use as part of an improperly designed or constructed larger assembly or building may result in serious damage to Sto products, and to the structure of the building or its components.
